

1035 & 1835 Ultimate Restroom Pulls

Trimco's 1035 and 1835 Ultimate Restroom Pulls are manufactured in North America by master craftsmen from stainless steel, bronze or brass. The ULTIMATE Restroom Pull utilizes the ADA compliant 1135 hospital grip and is combined with a .05" or 1/8" Push Plate. The pull has a special design that allows the user to pull the door open using their arm without having to "grip" the pull. The Ultimate Restroom Pulls are made with Healthy Hardware® - Bactericidal Copper and are also available in standard finishes.
